

Letter from the Editors

The first race of the fall series has been postponed! The first race will not be this weekend but will instead be held on October 05. I understand that the club officers did not make this decision lightly, and I would personally ask for understanding from the membership. It is an unusual occurrence in unusual times.

Remember if no one shows up to race there isn't a race. I know that some people like myself lucked up and escaped Fran with little to no damage whatsoever, but others were no so lucky and are still trying to get their lives back in order. Also there have been reports that some of the club marks are gone ("C" has been reported in Blounts Bay!) Further in the newsletter you will read about the Big Sweep a clean-up day for the area waterways. Please help out if you can.

Also please note that the Wellcome Cup has been canceled for this year. It will be back next year, sponsorship to be determined.

On a more upbeat note, the Dog Days Regatta was back and better than ever this year. Participation was very high for the first year back, and can only get better as time goes on. Our deepest appreciation to PCS Phosphates and the organizers of this race. I personally thought it was the best one ever, and I look forward to next year!

Another race that has some great history with the club is the famous OJ Cup, which I believe may be second in distance only to the Wachovia Cup. Check out the photo of the waterspout off of Billy Watkins bow! Rumor has it that Craig "Snappy" Ricks was still shouting for the 155. I know the racers were all impressed by this "dust devil" Thanks to JOWI for throwing another great race! And lastly, the newsletter wouldn't be complete without a word on the Single Hand Regatta. 13 boats showed for the most miserable race in the history of sailing. We came, we suffered, we drank!

See you next month!

John & Teresa

JOWI Results

(From the black book' for the JOWI race.)

Class A

Boat	Owner	Finish	Fleet
Nightfall	Williams	1	2
The Edge	Baldrige	2	4
Ninewonone	Hunter	3	6
